Research Collaboration between Widening and Non-Widening Countries

HUN-REN–CSIC Workshop on Policy and Good Practices

29 October 2026
| 10:00-11:30 CET

Online,
Microsoft Teams

Registration*

***Kindly note that the
registration deadline is
28 October at 12:00 CET.**

The HUN-REN Hungarian Research Network (HUN-REN) and the Spanish National Research Council (CSIC) are organising a joint online workshop on 29 October 2026 on the topic of research cooperation with Widening countries.

The event marks a milestone in the relationship between the two organisations, as this is the first time they have jointly organised a workshop that focuses not only on the research policy perspective but also on practical experiences of research collaboration.

In the first part of the workshop, policy experts will present the broader context, opportunities and added value of research and innovation cooperation between Widening and non-Widening countries. In the second part, participants will learn about researchers' experiences, good practices and lessons learnt from collaborations between CSIC and HUN-REN research institutions.

The aim of the event is to bring together researchers and research managers and administrators from the two organisations, to facilitate the exchange of experiences, and to encourage collaboration on future joint research projects and international partnerships.

Please note that the detailed final agenda will be shared soon. Those who register will receive the Teams link and access credentials prior to the event.

We look forward to your participation!

Agenda

10:00–10:05	<i>Opening of the workshop</i>
10:05–10:45	<i>Policy presentations on international research collaboration involving Widening countries</i>
10:45–11:25	<i>Presentations by CSIC and HUN-REN researchers</i>
11:25–11:30	<i>Closing remarks</i>
